Copyright Clearance Center Partners with RightsFlow to Provide Cover Song Licensing Through Limelight

Music Licensing Available via [Copyright.com](http://copyright.com)

Danvers, Mass. – [Copyright Clearance Center, Inc.](http://copyright.com) (CCC), a not-for-profit organization and leading provider of licensing solutions, has partnered with music licensing and royalty service provider [RightsFlow](http://RightsFlow.com). CCC will refer business and academic users interested in cover song licensing to RightsFlow's utility [Limelight](http://Limelight.com) via links on copyright.com and through collaborative marketing outreach.

Limelight, RightsFlow's online licensing utility, provides musicians, bands, record labels, choirs, a cappella and other musical groups worldwide with an easy method to license cover songs for release in the U.S.

"RightsFlow's Limelight service is an easy-to-use facility to clear cover song rights," said Diane Pierson, Vice President, Marketing, CCC. "We are very pleased to offer access to such a breadth of valuable music rights."

"We are excited to partner with CCC, an esteemed organization that clearly shares our vision to drive awareness of copyright law as well as the adoption of practices that stimulate revenue growth and recognition for songwriters and publishers globally," said Patrick Sullivan, President and CEO, RightsFlow.

About Copyright Clearance Center, Inc.

Copyright Clearance Center (CCC), the rights licensing experts, is a global rights broker for the world's most sought after materials, including in- and out-of-print books, journals, newspapers, magazines, images, blogs and ebooks. Founded in 1978 as a not-for-profit organization, CCC provides smart solutions that simplify the licensing of content that lets businesses and academic institutions quickly get permission to use copyright-protected materials, while compensating publishers and content creators for the use of their works. For more information, visit www.copyright.com.

About RightsFlow

RightsFlow is a leading technology-enabled provider of mechanical licensing and royalty payment services for artists, record companies, distributors, and online music companies. Our technology powers rapid song identification and provides an unprecedented level of transparency for both licensees and licensors. RightsFlow specializes in obtaining bulk physical, DPD, and ringtone licenses including streaming, tethered, and limited download rights. Our proprietary "FLOW" licensing technology and 23 million song database allow us to serve over 16,000 clients obtaining licenses from publishers and songwriters all over the world – including major, independent and artist controlled works.

RightsFlow also powers Limelight, its online mechanical licensing utility providing the simplest way for musicians, bands, choirs and labels to clear any cover song.
